Part 1

Aim of the event:

The Centre's endeavor is to build the requisite ecosystem of innovation and entrepreneurship and motivate students to become wealth creators generating employment, while addressing the many social problems facing our country. to become wealth creators with employment generation, while addressing the many social problems facing our country. The visit will facilitate technical mentorship and will help to generate financial support from angel investors and venture capital funding to nurture potentially viable ideas to be set up as sustainable enterprises in the social sector. Ambedkar University is having separate incubator to support start up entrepreneurial development.

Part 2

Abstract:

AUD Centre for Incubation, Innovation and Entrepreneurship' (ACIIE) has been set-up at Ambedkar University Delhi (AUD) as a not-for-profit section 8 company within the larger vision of the University. The Centre's endeavor is to create an ecosystem of innovation and entrepreneurship within the university.

Interested students of MBA, MCA & BBA of RDIAS gone for a visit specially who are having inclination towards entrepreneurship. As it was totally a student driven visit. Students had personally interacted with the concerned person Mr. M. S. Farooqi Executive Director, ACIIE and shared their business ideas with him.

Under the university some of the students known as "Incubatees" are working on live entrepreneurial projects like "Sanjhi Tokri" and another is "E- Waste Management". Our students got an opportunity to meet with these incubatees as well. They have also

got an opportunity visit their incubator. Experts have also liked the business ideas of three of our students from MBA & BBA which are

1. Shivansh Bhardwaj
2. Bharat
3. Rashmi.

They were open to help our students in a multiple way like 1. They want to enter into a MOU with RDIAS 2. They want to conduct joint activities 3. They also want to conduct workshops for and with our students.

Part-3

Conclusion:

Incubator visit provides the students with “dynamic” real time feedback as where they can personally interact with the experts. This has resulted in enhanced visibility for the students among their learning outcomes and their portfolio. Incubator Visit have motivated the students, helped them to gain confidence and improve their entrepreneurial skills. This visit may help the students not only to get positive encouragement from the Institute, but also financial assistance by way of a generous seed fund.

Long Lasting Moments of Visit..!!

Students listening and seeking guidance from the university experts..!!

Experts are addressing the students..!
