Part 2

Abstract :

Students and Club members of Dramatics Club made proper arrangement for the event in the Lecture Theatre, RDIAS. In this event, students were required to enact different situations on the topic “Social Issues”.

It was an open activity which can be performed individually or as a team to present their acts on the decided topic. All the participants who were not prepared were given a chance to pick up a chit and perform on the topic mentioned. They were given a few minutes to prepare for the same. Students showcased their talent by playing different situations related to social issues in front of the audience.

Students from MBA and BBA participated in this event. They presented the situation in an effective manner and demonstrated their imagination and creativity through acting skills.

Participants analyzed and presented various problems and situations related to the topic by critical thinking which helped to spread awareness about social issues. It helped them to have an insight about the real-life situations experienced by the society on daily basis. This activity was planned to motivate and encourage all the students to display their talent in front of everyone. In short, students learnt to express their feelings in a formal environment.

The existing student members from BBA and MBA were taking care of audition in the presence of Dramatic Society faculty members. They also asked few situation-oriented questions from the participants in order to judge their capability and spirit.
