## 15 Days Theater Workshop

<b>TITLE</b>	Submission of Web Report for 15 Days Theater Workshop
<b>Resource Person/ Facolitator</b>	Dramatics Society
<b>Date</b>	01/10/2018

### Summary

The purpose of theatre is to put audience in a better position to understand the world around them.

Theater is a way of expressing yourself in such a manner that you can handle every situation by how you would have handled it. The 15 days theatre workshop by Mr. Amit Tiwari (Director and Trainer, Vayam Performing Arts society) assisted the students with the knowledge about the basic concept and the importance of theatre in personal and professional life.

Some points taught by Sir during the workshop included:

- Theatre teaches us how to express ourselves more effectively.
- Some of theories of theatre views were explained.
- How to prepare yourself for a character, how characterization is to be done.
- Theatre develops our ability to communicate our thoughts and feelings to others, improving our relationships and improving the world around us.
- Theatre teaches us about ourselves. It helps us understand how our minds and the minds of others work. It helps us to see how the environments in which we live affect who we are and who we will become.
- How to improve the acting skills, forming innovative ideas in limited time given.
- Theatre is a great way to learn. Going to the theatre teaches us about people, places, and ideas to which we would not otherwise be exposed.
- Theatre makes you form a connect with people and impact their lives by conveying the message in a very subtle way.

Performing on stage doesn't always mean that you need to be vocal and heard. Conveying a message to the audience and communicating with them without actually talking is something which was worth learning during the course of this workshop. Numerous aspects of theatre experiences were shared by Sir. This workshop helped the students in gaining some insights about the Dramatics and Theatre scope and significance.
