

Title	Career Counseling Session in collaboration with TiE for the students of MCA
Resource Persons	Ms. Sumita Dhir, Senior Vice President (Software Projects) at Net Ambit Infosource and e-Services Pvt. Ltd. and Mr. Dinesh Pandey – Senior Project Manager, IT Chimes
Date	September 20, 2014
Summary	<p>The session was organized for providing counseling about student's specific career needs, goals and aspirations. Both the speakers gave insights from their experience to the students.</p> <p>Ms. Sumita Dhir discussed about various career options for MCA and said that one should be open minded to welcome various opportunities and shall try to fit in various roles like: - Software Engineer, Project Manager, Web Applications Developer, Web Designer, Computer Application Consultant, Systems Analyst, Business Analyst, Software Application Architect, Software Consultant, Network Administrator, Database Administrator, Web Design Specialist, Software Tester, Project Managers, Hardware Engineer etc. Mr. Dinesh Pandey, on the other hand gave a very interactive session on the topic "What is required when you step out". The key answer to it was to follow one's interest and be "Specialized" in it.</p> <p>Students of MCA brought forward their doubts and queries regarding their choice of career. Mr. Dinesh solved all their queries in an impressive manner and showed them the right way to come out of their dilemma in the following manner. First he elaborated on the details and requirements in various fields. He also highlighted the importance of different fields and the need for each student to have thorough knowledge of it. He guided students in the right path very confidently and in a very systematic manner. He concluded that there is nothing like good or bad student-----everyone is unique and there is a niche for everyone in this big wide world.</p>

	<p>At the end of the session everyone seemed to have a better knowledge of what he/she wanted to pursue in life. It was a thoroughly knowledgeable and enjoyable experience.</p>
