

Web Report on Guest Lecture on “Development using PHP”

Title	Guest Lecture on “Development using PHP” for the students of MCA
Date	March 31, 2016
Resource Person/Facilitator	Mr. Sumit Joshi, Senior Consultant, Ducat, Noida
Summary	<p>Higher education today embraces the ideas of interdisciplinary thinking and performance, and what better way to model this is to have guest lectures on latest technology. With this aim, a Guest Lecture was conducted by MCA department on “Development using PHP”.</p> <p>Mr. Sumit Joshi, speaker for the day firstly made the students aware about PHP, Web Designing and Web Applications, Client Server Architecture, Server Side Scripting, need of PHP and power of AJAX, PHP CMS in today’s scenario. After discussion on conceptual details, the speaker implemented a fleeting website using PHP language. The speaker also thrashed out latest trends, need and demand of PHP technology and career prospects in IT industry for the students of MCA.</p> <p>The lecture delivered was tremendous, and students appreciated the speaker’s way of conveying and putting up the points in more understandable form. The approach to the topic and with suitable examples attracted the attention of the students. They applauded for the speaker for sharing his commendable practical insights. The students were also given certificate of appreciation for attending the session. It was indeed a very interactive session and students participated with full zeal.</p>
