Web Report on “Technical Placement Paper of General Proficiency”

Topic	Technical placement Paper for MCA - V
Date of event	September 11, 2017
Resource Person	Ms. Rakhee Chhibber
Summary	<p>The 'Technical Paper' of placement exams assesses the academic learning and knowledge of the students. Generally, IT companies and core companies include technical questions in their written tests. In these tests, the focus is on quizzing the students on their core subject knowledge and assess the amount of academic effort they have put in during their post-graduation. In general, the questions asked focus on the basics of core subjects and check students' conceptual clarity.</p> <p>This session was aimed to make the students aware about the technical questions asked during their placement test or interview. There was a healthy discussion on the required knowledge and skills for the students by IT companies.</p> <p>There were 66 students present in this session and after the session there was an online test in the Computer lab based on the technical questions discussed and suggested by the Placement officers.</p>
