TITLE	Submission of Web Report for Industry Visit to Yakult held on 31/08/2018
Resource Person/ Facoliator	Training & Placement Department
Date	-
Summary	<p>An industry visit for Mba 1st semester students was organized by RDIAS, to align them with real industrial practices and processes. Therefore, students were taken for a visit to Yakult which provide them with the insight of manufacturing and processing of its product . Yakult Danone India (P) Ltd is a 50:50 JV between Yakult Honsha, Japan and Groupe Danone of France, both of which are global probiotic leaders. The JV was formed in 2005 to manufacture and sell probiotic products in the Indian market. Yakult, a probiotic drink was launched in India in 2007, and is presently available in Hyderabad, New Delhi, Gurgaon, Noida, etc. Yakult is manufactured at an ISO 9001:2015, HACCP and OHSAS 18001:2007 certified manufacturing facility in Sonapat, Haryana in India.</p> <p>The company has its two main product in indias i.e. YAKULT AND YAKULT LITE.</p> <p>The students were introduced to yakult along with the small presentation. The students were served water and yakult bottles with biscuits. After that we were taken to the place where manufacturing process takes place and each process were explained briefly.</p> <p>Students asked various questions related to the working and establishment of Yakult. The cleanliness in the plant was remarkable;</p> <p>For students pursuing professional education, industrial visits help them gain hands-on experience of how industry operations are executed. Industry visits bridge the gap between theoretical training and practical learning in a real-life environment. It broadens the outlook of students with exposure to different workforces from different industries.</p> <p>The overall visit was really a value adding learning experience both for students and the faculty members.</p>
