Form B

Part 1

Aim of the event :

Placement Department strives to conduct Workshop for students to keep them updated with latest Industry trends. It will help the students to understand various Career Avenues abroad and the rigorous selection criteria involved. It will also give them insights into the relevant steps required to prepare for competitive exams and insights in the kind of research that is required for entering the world of International Education.

Part 2

Abstract :

The Learning App is the popular brand name for Think and Learn Private Ltd., a [Bangalore](#)-based [educational technology](#) (edutech) and online tutoring firm Byju's who conducted a One Day workshop on Psychometric test and Profile building for our students of BBA II and VI Semester students.

Official's starts with a presentation which covers importance of Psychometric testing and profile building in organizations, these assessments are used during the hiring procedure, both internally and externally, to gauge whether candidates or employees were suitable for a job profile. This is done on the basis of the required personality characteristics and cognitive abilities. Psychometric profiling identifies the extent to which a candidate's personality and cognitive abilities match those required to perform a role,.

Further officials brief students on certain topics such as

1. Psychometric Test, Maths workshop, solving maths questions within 6 to 7 seconds and Small motivation stories being told by officials
2. English workshop- solving question by mathematical way, Reading only 20% of the RC and answering the entire question.
3. Technical Internships, Technical Certificate and Exchange programs.
4. Profile building CV analysis.
5. Profile Gap analysis SOP (Statement of purpose).
6. Filing of patent for an innovative idea or project Internships, Certificate and Exchange programs.
7. Importance of Research, Journal publications and conference.
8. A reality check on Test prep abroad universities, funding options, part-time jobs like TA -Teaching assistantship, RA- research assistantship.

The session was continued with detailing related to participants about certain benefits also which was discussed by

official which would be provided to students such as Higher number of placements, free profile building session and higher education guidance for 2nd & 3rd year students, Free 36 hours of Campus recruitment Training materials from Byju's learning app, certain Free aptitude techniques profile gap analysis being provide to students ,Byju Patented Techniques for reading Skills Problem solving skills, there were certain scholarships assistance for higher education also, patented Psychometric test techniques Soft skills developments, free Practice for CAT, GRE, GMAT, CRT.

They enlighten students with all the aspects related to importance of these workshops wherein students get an idea to perform better for achieving success

Part 3

Conclusion

Students of BBA were enriched with the various techniques being used for investing time in preparing for taking a test should be to improve both accuracy and speed in order to achieve a small margin of improvement. A small improvement in their test performance can increase their chances significantly of getting through to the next stage of a graduate selection process and the session was nonetheless insightful and students gained an understanding on important of psychometric test , profile building , importance of research etc as they were enriched with the good knowledge. The session was interesting. Some questions were raised by the students, which were answered by the speaker in a very explainable manner.
