Summary

Over the decades, the flagship brand 'Hindware' has emerged as a leading Indian sanitaryware and faucet brand driven by consistent innovation. The product offerings were further expanded to include home furniture, soft furnishings, home decor and accessories, wall fashion, modular kitchens and modular wardrobes by launching a chain of large retail format stores under the brand 'EVOK'. HSIL Limited is among India's top 500 companies as listed in the 'Fortune India 500' 2018 list. Currently, HSIL has four distinct business segments, namely the Building Products Division (BPD), Consumer Products Division (CPD), Retail Division and Packaging Products Division (PPD). At Hindware, the quality is paramount in order to create value and achieve customer satisfaction. The art manufacturing facilities, integrated with highly advanced technology, are fundamental to the world class products creating all these years. Right from the procurement of raw materials to the production of actual products, there is a strict adherence to quality standards. In line with our goal to deliver superior bathing products, Hindware has established an ultra-modern R&D facility, equipped with the latest technology, to ensure superior quality and improve manufacturing process.

It was very informative visit to Hindware Sanitary Company. First time i came to know that these toiletries have been manufactured with mud only. I got to know the process right from the beginning to final assortment of the product. The manager of the company has elaborated each dimension very clearly. Raw materials were purchased from Rajasthan and Gujarat. Around 300 workers were working there. Every month they are manufacturing 1200 peace. Lastly, it was very informative and knowledgeable industrial visit.
