Title	Submission of Dossier for "Photofilm Competition"
Resource Person/Facilitator	Hobby Club
Date	29/03/2019

Summary

Photo film is an idea in which photographs can be used to tell a story. Photo Film is a wonderful way to improve photography and presentation skills amongst students. Presenting a story through photography communicates a different??often deeper understanding of person, place, event or narrative that can be expressed through written or spoken word. Photo storytelling is different from a picture portfolio or collection. Its not a random collection of photos, or a display using albums from Facebook or Instagram.

In this event, the participants have to select their respective photos around the theme i.e. abandonment or life. Using those photographs they were required to narrate the story. The participants were judged on the basis of Visual Design, Clarity and Quality of Submission, Expression of Theme and overall Impression/ Impact.

Winners of the competition were:

First position: Jismon K Joseph of BBA 6 th semester

Second Position: Shubham Garg of BBA 4 th semester

Third Position: Divya Sharma of MBA 2 th semester

The activity proved to be very stimulating as it firstly improved the students ability of profound thinking and deciphering the hidden message in the photographs. Secondly, it boosted their confidence. Lastly, it worked towards building harmonious interpersonal relations.
