Date	August 16 , 2018
Resource Person/ Facilitator	Dramatics Society
Summary	<p>The purpose of theatre is to put audience in a better position to understand the world around them. To enable students to express themselves, a lecture cum interactive session on “Theatre Values” was organized at RDIAS.</p> <p>The session by Mr. Amit Tiwari (Director and Trainer, Vayam Performing Arts society) assisted the students with the knowledge about the basic concept and the importance of theatre in personal and professional life.</p> <p>Some points shared by Sir included :</p> <ul style="list-style-type: none"> • Theatre teaches us how to express ourselves more effectively. • It develops our ability to communicate our thoughts and feelings to others, improving our relationships and improving the world around us. • Theatre teaches us about ourselves. It helps us understand how our minds and the minds of others work. It helps us to see how the environments in which we live affect who we are and who we will become. • Theatre is a great way to learn. Going to the theatre teaches us about people, places, and ideas to which we would not otherwise be exposed. • Learning in a theatrical setting makes learning fun. • Theatre makes you form a connect with people and impact their lives by conveying the message in a very subtle way. <p>Performing on stage doesn't always mean that you need to be vocal and heard.</p>

	<p>Conveying a message to the audience and communicating with them without actually talking is something which was worth learning during the course of this workshop. Numerous aspects of theatre experiences were shared by Sir. This activity helped the students in gaining valuable insights about the Dramatics Society and scope Theatre.</p>
