

Plantation Drive

TITLE	Plantation Drive
Date	Jan 30, 2019 - Jan 30, 2019
Summary	<p style="text-align: center;">Plantation Drive</p> <p>“Planting one tree means planting a whole living system” has been rightly said, keeping this in mind the Social & Heritage Club, Prayatna, RDIAS, organized a tree plantation drive on January 30, 2019 in the garden area of the college. Around 15 volunteers along faculty members took part in the well-orchestrated plantation drive. The volunteers planted saplings at designated spots in the garden area in the college. The mindless exploitation of natural resources by mankind has imperilled the existence of the planet itself. Increasing pollution, our poisoned rivers, an unstable ocean, the melting glaciers are all aggravated by human thoughtlessness. Tree plantation is a harbinger of prosperity. Plants eliminate the pollution and are beneficial for the health, too. This would let our coming generations lead a healthy life. The number of saplings planted is immaterial, what matters the most is to pay meticulous attention for their nurture, protection and growth. We must take care of them like we care for our children. Tree plantation is not just something that should be done; instead, it is a necessity, the urgent need of the hour. Planting of trees is especially important to protect our environment against air pollution and global warming.</p>
