Resource Person/Facilitator	Organised by Social & Heritage Club along with Ambience and Infrastructure Committee
Date	22/10/2019

Summary

Plastic has facilitated advance innovation in our society, but our obsession with single-use plastic convenience is taking us to devastating consequences. Plastics, in any forms-straws, bottles, packing material ,bags, etc.-are clogging our planet. In order to promote an environment which is pollution free, Social and Heritage Club, Prayatna, invited suggestions from the students to make the college plastic free in some or the other aspects. It was an offline event where students had to register on portal and send in their suggestions via email to official email IDs of the organising clubs . It was a team event wherein students participated in a team of two. Overall 15 teams registered for the event and 13 teams submitted their suggestions. This competition inculcated brainstorming among students and the best practical and feasible solution suggested by the students was awarded with a cash prize. The judgement parameters were : Practical Applicability , Ease of Adoption and Impact. Judges of the event were Dr. Smita Mishra, Course Coordinator, BBA, Dr. Imran Khan, Incharge, Examinations, Dr. Sunil Kumar Yadav Course Coordinator, MBA, and Mr. Somendra Kumar, Dean Students Welfare.

Students came up with wonderful suggestion to make campus plastic free right from using wooden cutlery and glasses and plates in canteen to using steel glasses on water coolers. The students also suggested that all students and faculty members should carry their own steel bottles and refill them rather than buying mineral water packed in plastic bottles. Promote practice of using refill rather than buying single use pens. Celebrating a day in a week in which no members of RDIAS will be carrying single use plastic in campus and a fine to the defaulter if he violates it thrice. The students also suggested that all teachers should carry steel water bottles and Leather file holders rather than plastic ones.

The winner of the event were awarded with cash prize and certificates.

Winners : Rashmi Mahendru & Simran Mehdiratta , BBA who won a cash Prize of INR 1000.

First Runners Up : Vipul Saini & Himanshu Chauhan , BBA

Second Runners Up : Sanya Jindal & Anisha Gupta , BBA

Overall it was an event which gave the students a platform to display their concern for mother nature as well as raise their opinion for making the Institution plastic free.
