Title	Submission of Dossier for "FDP on Data analysis using JAMOVI"
Resource Person/Facilitator	Dr. Madhu Arora
Date	09/11/2019

Summary

RDIAS organized an FDP on the topic Data Analysis using Jamovi. The objectives of the FDP was sharing of knowledge with research scholars, academicians and practitioners and to discuss data analysis like t-test, ANOVA etc using Jamovi software. 14 participants registered for the FDP but only 6 were present.

Being a free and open software, Jamovi was found as a compelling alternative to paid software like SPSS and easy than R Studio. Resource person Dr. Madhu Arora, Associate professor, RDIAS, explained interface of Jamovi, data entry and univariate analysis before the tea break. After the tea break, t-test and ANOVA were explained with practical example followed by correlation and regression analysis. Queries of the participants were handled simultaneously. Overall, the session was an interactive one. The FDP concluded with certificate distribution followed by a group photograph.
