Mega Drive in School

TITLE	Mega Drive in School
Date	Jan 25, 2020 - Jan 25, 2020
Summary	<p>Prayatna, Social & Heritage Club, RDIAS, along with Theatre Society, Pratigya organized a visit to Government Girls Sr. Sec. School on January 25,2020.</p> <p>The event was an initiative to spread awareness and information about the importance of water and environment conservation. The event started with a small act on efforts for water conservation by Theatre Society. The skit highlighted the importance of saving and using water judiciously, else our future generations will have to compromise and face shortage of the resources. The skit was followed by some question and answers based on general knowledge and awareness of our country, constitution, monuments etc. The same was followed by some fun filled just-a-minute activities like blowing balloon, tongue twisters, odd one out etc. Few students were asked to give their introduction in English language and recite some poem, song etc.</p> <p>A drawing competition was also organized for the students of VIII standard. The themes of the competition were "Say no to Plastic" and "Save water". The aforementioned themes were selected in order to inculcate the sense of importance of conserving environment. The students came out with wonderful display of creativity in the form of beautiful drawings. Total 05 winners were selected out of the 40 students who participated. The winners were rewarded by the Vice Principal and the faculty members accompanying the visit. The students of the school were very thankful and requested us to meet and organise similar events in future.</p> <p>The overall experience proved not only informative for the children but also for the volunteers.</p>
