Title	Submission of Dossier for "Class Room Lecture on "Valuation of Securities""
Resource Person/Facilitator	Neeraj Kant Arya
Date	30/01/2020

Summary

Its a complex world out there which is changing at a rapid pace and one of the predominant factors to it is the advancement in technology. This advancement in technology has led to massive changes in the way business get done nowadays and this affects people in general as well, wherein what we see is new ways of doing work, competition in terms of sustaining business and nonetheless the job one is associated with. However, if one is particular about how he/she operates his/her Finance than he/she can expect a promising future ahead provided we start planning today. This calls for knowing the possibilities and of course the wide array of options available in the market in terms of investing your hard money. However, owing to limited understanding coupled with a sense of fear, people, in general, refrain themselves from investing money and/or in options they perceive to be risky. On this note, a session was organised for the students of BBA IV, towards understanding how investing in securities is something we should look forward to and how this can help us reap-in greater returns. The session was delivered by Mr Neeraj Kant Arya, Sr. State Training Manager, Bajaj Allianz Life Insurance Company Limited, wherein, sir, in an engaging way, made students understand WHY stock markets are there, how this benefits them and how we should level up our understanding in terms of investing in securities as an option.

It was a wonderful session where students reflected upon their understanding of what they understand of securities and how they should build upon their understanding in times to come.

Dossier Image

1. Good to Great!! Mr. Neeraj Kant Arya, educating the students on concepts of Valuation of Securities.

2. Students paying rapt attention to valuable inputs and insights provided by the speaker.

3.The session in progress with BBA & MBA Student .
