Summary

“By playing games you can artificially speed up your learning curve to develop the right kind of thought processes”

-Nate Silver

The Spirit 2018, the annual sports meet of RDIAS, held on 6 October 2018 at Rukmani Devi Public School, Pitampura, was an initiative to practice the same.

The event encompassed various sports like volleyball, kho-kho, tug of war, races etc. It was marked by zeal and enthusiastic participation of the students. Apart from the various fixtures, Prayatan- The Social & Heritage Club also organized some fun games for amusement as well as to raise funds for a visit to an orphanage on the prosperous occasion of Deepawali.

The students stepped forward to volunteer for the cause and encouraged others to participate too.

The games organized were- glass pyramid, pick the gem, and sum the calendar.

Glass pyramid game attracted much of the crowd. The player would throw the ball from a distance specified in order to break the glass pyramid in three hits only.

Pick the gems was another fun game which absorbed attention from people of all age group. The player was supposed to segregate the gems on the basis of their color and quantity prescribed.

Another fascinating game was Sum the Calendar, wherein the player was provided with a bowl of coins and a calendar. He was supposed to place the coins in such a way that intrinsic value and the date are equal.

All those who performed as per rules and succeeded in completing the games were rewarded with hand-made chocolates, as a token of both- success and gratitude for contributing towards a noble cause.

In addition to being a successful day, it was a great learning experience for the students and a step towards making Deepawali brighter for the children at the orphanage.
