

Data Analytics using Excel

| | |
|----------------|---|
| TITLE | Data Analytics using Excel |
| Date | May 16, 2020 - May 16, 2020 |
| Summary | <p>RDIAS organised an online workshop on “Data Analytics using Excel” on May 16, 2020 at 10:00 AM via the platform of google meet. Students, Faculty Members, Research Scholars and dignitaries from Industries joined the workshop. MS. Supriya Sardana, Assistant Professor RDIAS was the resource person for the workshop.</p> <p>The workshop started with brief introduction to the interface of the Microsoft Excel. Thereafter, various analytics functions – Simple, Magic, Data Validation Concepts, Security Functions, Vlook up, Hlook up, Charts etc. were discussed.</p> <p>The queries of the participants were duly solved. The workshop was well appreciated by the participants and equipped all the participants with analytics skills that they can apply to their respective research areas.</p> <p>Overall, the workshop proved to be highly fruitful, enjoyable and was a great learning experience for all the participants.</p> |
