Alumni Speak

My experience in RDIAS was tremendous. I found the course curriculum to be very challenging but rewarding. I had many professors in the college who inspired my best efforts and who helped me greatly. Teachers at RDIAS provided the needed challenge in each course, but not without the support to succeed. I use the knowledge and skills I learned at RDIAS every day. To all the students studying at RDIAS, I just wanted to say the possibilities are endless, open your mind, question everything, and do your research. RDIAS will be teaching you great things, classwork will sharpen your writing and your brain, but the secret of success lies in you, so believe in yourself and remember you are the writer of your story and, in this case, our careers. Be Confident, Be fearless but always be respectful.
