Summary

Model United Nations is an academic simulation of the United Nations where students play the role of delegates from different countries and attempt to solve real world issues with the policies and perspectives of their assigned country. Students can attend Model United Nations conferences around the world. These conferences are organized by universities, high schools, non-profit organizations, and other educational groups.

For enlightening the students about the activities and working of the United Nations, the Credence Club of RDIAS organized a webinar on MUN Proceedings for the institute's students on 18th November, 2020. The event was conducted virtually on Google Meet Platform. The webinar was conducted by Akarsh Srivastava, an experienced MUN speaker and President of student body of Credence Club.

This webinar helped the students in understanding the proceedings of the MUN by answering the following questions:

1. What is Model UN and how to sign up?
2. How to prepare for the first conference?
3. What will a typical day in the committee look like?

The session encouraged and ignited the students towards participation and contribution towards MUN activities.
